

Opportunity Partner

What is an Opportunity Partner? An opportunity partner is a person, company or organization that works with us to create learning opportunities for our community.

Here are some ways we can work together:

- **Host a Lunch and Learn or Tech Talk** – a 30-minute informational session followed by Q&A about a specific topic, such as:
 - AI, Blockchain
 - A day in the life of your job or company
 - A talk about a technical challenge you've faced, the decisions you made and why
- * These sessions may be attended by current learners and alumni.
- **Social Media Shoutouts** – Social media features with logo permission (LinkedIn, Twitter and Instagram). We will feature your company on our social channels as a way to help increase your brand awareness and generate interest among potential new hires
- **Code-a-Tech** – a volunteer opportunity for your developers and UX/UI designers to support learners in their final Project 3 through Discord. This is a great way to engage with burgeoning talent ahead of program completion, to help shape tech talent in Calgary and to see them in action.
- **Become a Mentor** – Join the [Inqli-InceptionU Mentorship Pilot Program](#) - your company encourages virtual volunteerism by inviting employees to join the Inqli platform as a way to share knowledge and give back. *Please note, Inqli will be a paid community after the Pilot ends.*

- **Deliver a Workshop** – we have a diverse group of learners in our programs and many are looking to integrate different skills and capabilities on top of their core technical skills. We are looking for experienced professionals who are passionate about their particular fields to run a workshop or facilitate a conversation on a topic such as Security, Scalability, Architecture, etc. Topics are somewhat dependent on the learners and their needs. Estimated time commitment - 6-9 hours over a 2-3 week period. Honorariums may be offered depending on scope.
- **Participate in a LinkedIn Live** – these are short live interviews on our LinkedIn page every second and fourth Thursday of the month with one of our facilitators. The segments stream live to over 1,000 followers on our Page.
- **Receive first access to our events** – Open Houses, Demo Days, Ignorance Conference, Games Nights, etc.
